# Hybrid and Pure Electric Cars 2014-2024: Technologies, Markets, Forecasts

**RESEARCH**  **MOZ**™  
Research. Reports. Results.

E-cars are oversupplied and changing in all respects but in this frenzy of birth and death the future is being created with hybrid cars rapidly gaining market share now and sale of pure electric cars likely to take off in the second half of the coming decade as certain technical and cost challenges are resolved. Toyota and Tesla have hugely benefitted from correct market positioning but now Toyota is betting strongly on fuel cell hybrids and Tesla on mainstream pure electric cars - both graveyards for many companies in the past. A vicious shakeout of car and battery manufacturers has commenced with the winners expecting riches beyond the dreams of avarice.
